

Projects/libraries  
/HawkCommon/src/systemerrorex.h

```
graph TD; A["Projects/libraries  
/HawkCommon/src/systemerrorex.h"] --> B[string]; A --> C[system_error]; A --> D[QObject];
```

The diagram illustrates the dependencies of the file `systemerrorex.h`. A central box at the top lists the file's location: `Projects/libraries/HawkCommon/src/systemerrorex.h`. Three arrows point downwards from this box to three separate boxes below, representing the dependencies: `string`, `system_error`, and `QObject`.
