

hmservcommon::datastorage
::HMJsonDataStorage::jsonToMessage

```
graph LR; A[hmservcommon::datastorage::HMJsonDataStorage::jsonToMessage] --> B[hmservcommon::datastorage::HMJsonDataStorageValidator::checkMessage];
```

The diagram consists of two rectangular boxes connected by a blue arrow pointing from left to right. The left box is white with a black border and contains the text 'hmservcommon::datastorage' followed by '::HMJsonDataStorage::jsonToMessage' on the next line. The right box is gray with a black border and contains the text 'hmservcommon::datastorage' followed by '::HMJsonDataStorageValidator' on the next line, and '::checkMessage' on the third line.
